# Speciality Applications

## SEAMASTER | Pretreatment

| Product | Key function |
|---|---|
| SEAMASTER OR | Removes oil and helps prevent oil redeposition on the substrate. |
| SEAMASTER PF-CP | Phosphorus-free chelating and dispersing agent for calcium, magnesium and iron ions. |
| SEAMASTER LT | Low-temperature scouring for cellulosic fibres and blends below 85°C. |
| SEAMASTER MWA | Phosphorus-free mercerizing wetting agent for cotton and blends. |

## THALAMUS | Dyeing & Soaping

| Product | Key function |
|---|---|
| THALAMUS 1PC | One-bath soaping for polyester–cotton blends, enabling cotton dyeing after polyester dyeing without a separate reduction-clearing step. |
| THALAMUS NW | Acid levelling for nylon and wool dyed with acid dyes. |
| THALAMUS PR | High-temperature levelling for polyester and blends, designed to improve dyeing efficiency. |

## CADHERFIX | Fixing & Fastness

| Product | Key function |
|---|---|
| CADHERFIX 1735 | Improves chlorine fastness of reactive-dyed fabrics. |
| CADHERFIX WNS | Acid fixing agent for acid and metal-complex dyes, formulated without bisphenol-S. |
| CADHERFIX TWILL | Enhances rubbing and washing fastness in indigo-, direct- or sulphur-dyed denim. |

## NEBULASIL | Technical Finishing

| Product | Key function |
|---|---|
| NEBULASIL T14 | Hydrophilic silicone softener for towels and cotton blends, designed to preserve absorbency. |
| NEBULASIL DPC 23 | Concentrated silicone softener imparting a soft, smooth and cool fabric handle. |

## VALLUM | Functional Auxiliaries

| Product | Key function |
|---|---|
| VALLUM ABS | Anti-back-staining agent for denim desizing and enzymatic washing. |
| VALLUM APY | Helps inhibit phenolic yellowing in nylon and its blends. |
| VALLUM RD | Redyeing agent for colour correction of finished fabrics, with minimal impact on original hand feel. |
| VALLUM FR-C | Durable flame-retardant treatment for cotton and its blends. |
| VALLUM WA-C | Cotton weighting agent offering a stated 5–8% weight gain. |

## 260+ products in our portfolio

The products listed here are only a selection. To explore the complete range, request samples or technical data sheets, contact us at **contact@dyezochemicals.com** or visit **www.dyezochemicals.com**
